

**PRESIDENT'S MESSAGE  
APRIL 2007**

As I write this it is the eve of the Dogwood Trails Rally, which Julie and I are attending. We have had a fine day packing our bikes, checking minute details like tire pressure, oil levels, etc. and just in general enjoying the anticipation that for us accompanies motorcycle travel. In fact I think it's the most fun you can have in a day without actually riding your bike. We are so lucky to be able to enjoy this hobby and I believe sometimes we take for granted the good health we enjoy, the beautiful weather, the time and effort that individuals and organizations put in planning and organizing events for us to participate in, and the glorious countryside that we ride thru. I know others envy our participation in motorcycling. When's the last time that you took a trip and strangers didn't strike up a conversation about your bike or motorcycling in general? I'm getting carried away here so I'll just say Thank Heaven for April, motorcycles and motorcyclists, and places to ride.

**Keep the rubber on the road and enjoy every day until I see you some more!**

**Roy**
